Roanoke Valley SPCA

2015 Annual Report

Message from our CEO

I am humbled to be serving as Chief Executive Officer for the Roanoke Valley SPCA during this remarkable year - our 100th Anniversary.

The work that has been done by our organization has truly made the difference in the lives of pets, and people, in the Roanoke Valley, and I wanted to use this opportunity to thank everyone for their support.

To our volunteers - We are grateful for each and every one of you. Without you, there would be no Roanoke Valley SPCA. Your direct, hands-on work helps thousands of animals find homes each year. Thank you!

To our donors - Thank you for giving us your trust and financial support. The modest adoption fees collected by our organization do not begin to cover the cost of medical care, sheltering and the many programs that our organization provides. You truly are the lifeline of support for the pets our organization helps each year.

C. Denise Hayes, CEO, Polly, Spencer and Grafton

To our employees - Thank you for believing in the work of our organization. The hours that you put in to make sure this operation is running 24/7 do not go overlooked. From maintaining the shelter to assisting customers, from caring for sick pets to maintaining our website, we appreciate all that you do.

Every story that we hear about connecting pets to loving homes reminds us about what's really important - the animals - and inspires us to continue our work. Our goals from the last 100 years will be the same for the next 100 years, as we continue our quest to create a community where there are no more homeless cats and dogs. I'm very proud of our past and extremely excited about the coming years. Our future has never been brighter!

Warmest Regards,

C. Denise Hayes

C. Denise Hayes
Chief Executive Officer
Roanoke Valley SPCA

Message from our President

To have the privilege of serving as the President of the Board of Directors at the Roanoke Valley SPCA during this monumental moment is an incredible honor as we celebrate 100 years of service to the pets in the Roanoke Valley!

Justin vanBlaricom, President, & Dixie

The average lifespan of a Fortune 500 company is just 50 years. I am proud that our organization is able to celebrate 100 years, twice the national average! There are a variety of factors that contribute to this success; among those are dedicated volunteers, supportive donors, and hardworking employees. And the foundation behind it all: We believe in improving the lives of animals.

We've learned from our mistakes and our successes. The key to our longevity has been embracing change, having the courage to meet challenges and adapt to the evolving needs of our community.

From the introduction of our foster program to the development of the C.A.R.E. Fund, from the establishment of the Pets Eat Too Program to the opening of high-quality affordable spay/neuter clinics, we continue to adapt to the changing needs of animals in our community.

Each day we set out to eradicate pet homelessness and strive to meet our values. To be:

- compassionate, collaborative and forward-thinking
- focused on the protection and care of homeless and unwanted cats and dogs
- able to celebrate the power of the animal and human bond
- committed to collaboration with our internal and external stakeholders and peer organizations

I look forward to celebrating this momentous achievement with each of you. I hope you'll join me on June 11, 2016 as we host our Centennial Ball. This truly extraordinary evening will feature the many remarkable individuals who have made our work possible and celebrate the pets that have been the beneficiaries of your generosity.

Sincerely,

Justin vanBlaricom
Board President
Roanoke Valley SPCA

100 Years of Service...Our History

The Roanoke Valley SPCA (RVSPCA) is celebrating a historic milestone in 2016, the celebration of 100 years of service. Throughout our storied history, we have weathered many storms and continued to grow. Established in 1916, we were the first organization of our kind in the Roanoke Valley and remain vibrant, robust, and steadfast - advocating for the voiceless animals in our community.

In 1958, the RVSPCA became a 501(c) 3 nonprofit organization, and in 1959, we moved into a converted farmhouse (built in 1917) located in a flood plain close to the banks of Tinker Creek. Expansion occurred in 1971 when the Shaftman Wing was added to the facility. After significant flood damage, the RVSPCA relocated and opened the Barbara & Warner Dalhouse Education & Adoption Center in February of 2004.

Over the past 100 years, we have embraced a forward-thinking ethos and have evolved our programs and services to meet the changing needs of our community - animals and humans alike - forming local and national partnerships in the interest of innovation and effective service delivery. We are now looking into the future with a strategic purpose and goals to continue to refine our operation and serve the community even better.

To create a community where there are no homeless cats or dogs, the RVSPCA continues to build upon its pillars of adoption, prevention, and intervention through unique programs and partnerships.

Partnering to Expand Adoption Potential

We receive stray and relinquished animals from within the state of Virginia and beyond and work diligently to place each cat and dog into a loving home.

Pets for Patriots Partnership

To enhance our ability to find forever homes for our pets, the RVSPCA has a partnership with Pets for Patriots, an organization that connects veterans of the armed forces with loving cats and dogs, with an emphasis on shelter animals. We identify hard-to-place animals - those with behavior or medical issues, those who have been in the shelter for an extended period of time - and advertise them through the Pets for Patriots network. In addition to the medical services we provide to each animal, through this partnership a 50% adoption fee discount is offered to veterans.

Farmhouse Facility

1959 – 2004

The Power of Prevention

We believe prevention is the key to keeping pets out of shelters. We believe in microchipping so that pets can be reunited with their owners.

We believe that the only way to end the overpopulation of unwanted pets is through an aggressive spay/neuter program. We spay or neuter all pets prior to adoption and are proud to manage two low-cost, high-quality spay/neuter programs at our subsidiary, Mountain View Humane, located in Roanoke and Christiansburg, VA.

We educate the public on the tenets of humane animal care in schools, community centers, at public events, and at the RVSPCA. Since 2008, the RVSPCA has distributed KIND News to 24,115 students in 1,120 classrooms.

Intervention for Those in Need

We provide services that address financial hardships, medical problems and behavioral challenges to enable animals to stay in their homes.

The P.E.T. Program (Pets Eat Too) provides homebound senior citizens a supplemental supply of pet food delivered to them along with their food from Meals On Wheels. Carilion Hospice patients can rest easier, knowing their pets are being fed. Community members who receive assistance from one of five area food banks are eligible to receive assistance with dog and cat food as well as cat litter.

The C.A.R.E. Fund (Companion Animal Relief Fund) of the Roanoke Valley SPCA provides assistance to economically challenged pet owners struggling with extraordinary veterinary expenses so that they may keep their pets healthy and at home with them.

As we launch into 2016, our 100th Anniversary, we are looking forward to celebrating this remarkable milestone and ensuring another 100 years of animal welfare advocates in the Roanoke Valley.

Current Facility, Opened 2004

Adoption

Adopted! Just saying the word brings a smile to your face because you know that with that word comes a lifetime of love, joy, laughter and smiles. Adoption is at the heart of what we do - bringing and keeping animals and people together - for 100 years now.

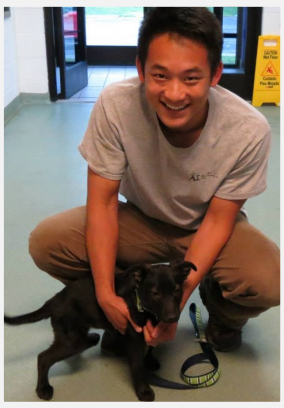
During our 2015 fiscal year, over 1,000 animals were rescued and placed into loving homes, making us eager to achieve even greater impact as we celebrate our 100th Anniversary. Our goal is to increase our number of adoptions by 35%.

To accomplish our goal, we continue to work with local animal organizations such as the Regional Center for Animal Care and Protection, the Alleghany Humane Society, the Giles County Animal Shelter and the Pulaski Humane Society, just to name a few, to take in animals for temperament testing, medical evaluation, spay or neuter surgery, vaccinations, microchipping and eventual adoption.

The success of our Adoption Program is a combined effort between our veterinary services staff who bring the pets in and gets them ready for adoption and the adoption counselors who work with adopters to find the pets forever homes.

over 18,000

adoptions since February 2004



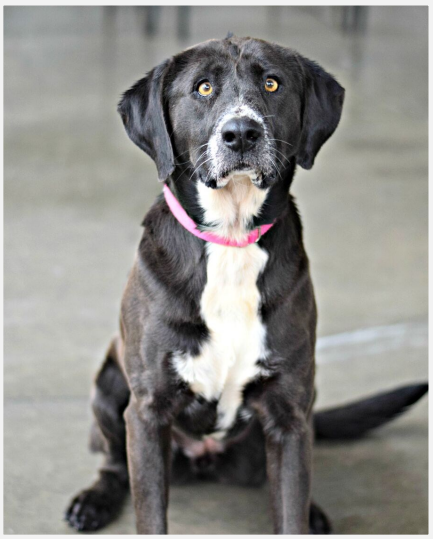
Prevention

Foster Program

Our foster program saves lives. Temporary respite from the shelter environment gives infant and orphaned animals the chance they deserve and provides adult animals an opportunity to learn good manners, basic obedience and to trust again. Animals being treated for injuries and diseases are able to recover in the comfort of a home environment.

Community Outreach

Community engagement is essential to every organization, and it is no less important in the world of pet care. The Roanoke Valley SPCA is increasing its efforts to provide humane education through visits on- and off-site in collaboration with youth events and youth organizations. Some of our many outreach efforts include visits to preschools, programs for Boy Scout & Girl Scout groups, and speaking to civic organizations, and we have even attended birthday parties where kids asked for pet food and supplies donations in lieu of birthday presents. For these visits, we share the importance of their donations by discussing the P.E.T. Program and the Sara Jane & Mickey Second Chance Fund.



Prevention

Mountain View Humane

The Roanoke Valley SPCA continues the promotion of spaying and neutering as the solution to homeless and unwanted pets within our community. Mountain View Humane, a Roanoke Valley SPCA subsidiary, is a low-cost, high-quality spay and neuter clinic with locations in both the New River Valley and in Roanoke. Well over 40,000 spay/neuter surgeries have been performed.

In-House Medical Care and Spay/Neuter Efforts

In addition to being temperament tested, receiving a complete veterinary check, being spayed or neutered, vaccinated, microchipped and sheltered, listed below are just some of the tests and procedures performed by our veterinary staff in our fully licensed veterinary clinic located at our shelter.

Blood Tests	49	Heartworm Test	160
Dental Cleaning	24	Microchip Installation	841
Dental Extraction	85	In-Shelter Spay/Neuter	748
Ear Cleaning	47	Parvovirus Test	17
Full Exams	2,292	Nail Trim	723
Fecal Tests	166	Fluid Administration	35
Feline Leukemia Test	108	Skin Scraping	8
FELV/FIV Test	58	Fungal Culture	4

Kind News

Each year, the Roanoke Valley SPCA sponsors Humane Education in elementary schools in Roanoke City, Roanoke County, Vinton and Botetourt County. Through the Adopt-a-Classroom program, the Roanoke Valley SPCA "adopts" elementary-school classes by providing them with gift subscriptions to the award-winning classroom newspaper, *Kind News*. This publication is designed specifically for children in kindergarten through grade six and is read by more than one million children in thousands of classrooms nationwide.

Kind News encourages good character in children with an emphasis on kindness to animals, respect for natural habitats, good citizenship and peaceful conflict resolution. It is a fun, cross-curricular teaching tool where kids develop reading and writing habits for success.

Intervention

C.A.R.E. Companion Animal Relief Fund

Lily Mae, recovering at home

Thanks to the generous donations made by Banfield Charitable Trust and Friendship Retirement Community, the Companion Animal Relief Fund has served community members of the Roanoke Valley well. The C.A.R.E. Fund has assisted with a wide range of difficulties that both our human and animal clients have dealt with. We have seen pet owners who have lost jobs, filed bankruptcy, become physically disabled due to accidents and therefore lost income, struggled with post-traumatic stress disorder, worked diligently but remain a member of the "working poor" and have required public assistance, and, sadly, those who are of retirement age and find it hard to make ends meet on Social Security income alone. From July 1, 2014 to June 30, 2015, the Roanoke Valley SPCA's Companion Animal Relief Fund assisted 35 animals, providing $8,983 worth of assistance to the Roanoke Valley Community.

Meet Lily Mae! One of those 35 animals we assisted. We were introduced to Lily Mae in December of 2014 when her owner contacted us because she had stopped eating and had become very lethargic - a drastic difference in this happy pup's personality. The financial assistance provided by the C.A.R.E. Fund helped diagnose the problem, a urinary tract infection, and provide treatment. Thankfully there are generous individuals and foundations that see how companion animals enrich the lives of others.

Behavior Program

Often we are asked to assist with animals that other organizations do not have resources to help. In 2015 we assisted with a litter of 4-month old Chihuahua puppies - Foxy, Dixie & Skyler - that needed drastic help in interacting with humans. When these puppies arrived at the shelter, it was clear that they were very undersocialized - when staff would approach them, they would cower, snap and often urinate or defecate on themselves out of fear when picked up.

Foxy, in her foster home.

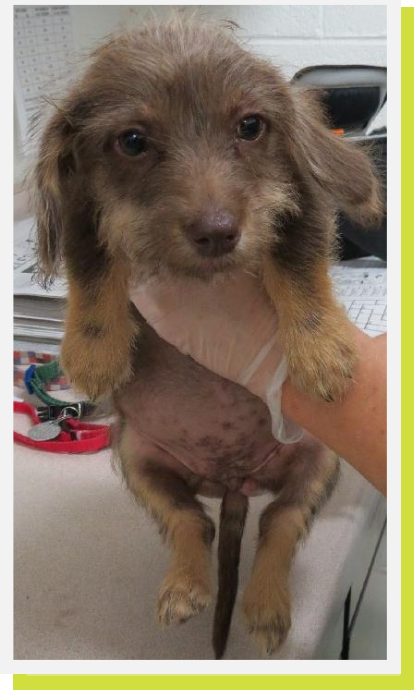
Our staff worked to develop a plan to help them find the best foster homes possible to assist with their fears, even though these three were already past the primary socialization window for puppies. All three puppies went into foster - two with staff and one with an experienced foster family. Over a period of several months, the fosters worked with the puppies to develop their skills to handle the world around them.

Thankfully, with dedication and time, Foxy, Dixie & Skyler had a happy ending and are enjoying life in their forever homes.

Intervention

Sara Jane and Mickey Second Chance Fund

The Sara Jane and Mickey fund enables the Roanoke Valley SPCA to utilize outside veterinary resources for the health and well-being of the animals in our care. During our 2015 fiscal year, over 63 animals have benefited from more than $21,905 in medical services from this life-saving fund. Diagnostic needs exceeding the capability of the Roanoke Valley SPCA included x-rays, blood testing, respiratory cultures and histopathology. Treatments included hospitalization for severe respiratory illnesses, repair of fractured legs, consultation with veterinary specialists, and emergency care for sick foster puppies.



Cammi, upon intake

Meet Cammi! Cammi is just one of the recipients of care, provided through the Sara Jane and Mickey fund. She was initially diagnosed and treated for pneumonia while in her foster home. As she recovered in foster care, it became apparent that she had a severe skin disease developing as well. She was seen by Dr. Rios at the Virginia-Maryland College of Veterinary Medicine for a complete workup. At the young age of 3 months, it was determined that Cammi likely has an immune-mediated skin disease that will need to be managed throughout her life. Fortunately, Cammi is showing positive response to treatment and has a loving foster family that is committed to adopting her.

P.E.T. Pets Eat Too Program

For his 9th birthday, Austin asked his friends to donate to the Roanoke Valley SPCA in lieu of birthday gifts.

The P.E.T. Program helps people keep their pets and not have to decide between feeding themselves or feeding their pets. The program began in 2007 when we learned that homebound seniors receiving Meals On Wheels were giving up their food to feed their pets. What started as a program to keep seniors and their pets together has grown into a program that provides meal assistance to economically challenged individuals and families, thereby allowing them to keep their pets. We work with youth groups, businesses, clubs, churches, organizations and individuals to organize pet food drives, conduct fundraisers and secure grants to support this community outreach program. On a monthly basis with our community partners - Bethel Baptist Church, Botetourt Food Pantry, Lake Christian Ministries, Feeding America Southwest Virginia, Rescue Mission and Carilion Hospice and Meals on Wheels - each year we provide 80,000 pounds of pet food or 385,000 pet meals to those in need .

Volunteers

The Roanoke Valley SPCA is fortunate to have so many volunteers from the community willing to give of their time to the pets in our care. In fiscal year 2015, we had 258 volunteers and 70 families working to create a community where there are no homeless cats or dogs.

Our volunteer families have been instrumental in providing socialization, which improves each pet's health and well-being while in the shelter environment. We had a total of 8,500 documented hours given by volunteers. This is an 18% increase in hours donated over the previous fiscal year. And we are not even including the many hours given to the animals by our volunteer Board of Directors or the groups that have worked for the animals through wishlist drives or making treats or toys for the pets!

It Takes a Village...

We cannot thank our volunteers, our foster families, and our community supporters enough. Without their support, we would not be able to accomplish the many great things we have during the 2015 fiscal year. Sally, a sweet Corgi mix, epitomizes our community coming together to save the life of a dog in need.

Sally, preoperatively, in her foster home. Notice all the bumps on her belly? Those are multiple hernias in need of repair.

Sally came to the Roanoke Valley SPCA on December 9, 2014, with her mom and littermates, weighing only 4lbs 1oz at eight weeks of age. It was soon discovered that she had multiple hernias! The decision was made by Dr. Jennifer McFarling that a long-term foster was needed to give Sally a chance to gain weight and grow a bit before having major surgery.

On January 12, 2015, Sally came in for a routine exam with our veterinarian. Her weight had doubled to 8.6 lbs., it was decided that she was ready for her first visit to the Virginia-Maryland Regional College of Veterinary Medicine Teaching Hospital to be evaluated by the veterinary surgery specialist. The specialist determined that Sally would need major surgery, including the insertion of mesh to create an abdominal wall.

Many, many staples later, Sally came through the surgery well. After a day at the clinic, she was discharged to her foster family to recover and await her staple removal.

While out with her foster mom, Sally met a family who had recently lost their beloved Jack Russell and they were looking to find a companion for their dog. They fell in love with Sally, and the fosters introduced Sally to their dog. It may not have been love at first sight, but Sally's sweet face eventually won over the resident dog, and the rest is history.

On February 9th, three months to the day from her arrival, Sally was adopted into her forever home. We think the photos prove that when we come together as a community, miracles really do happen.

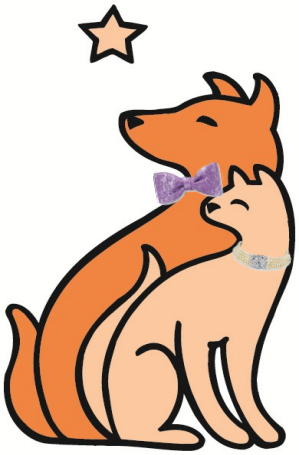
Time to Celebrate...

and we hope you join us!

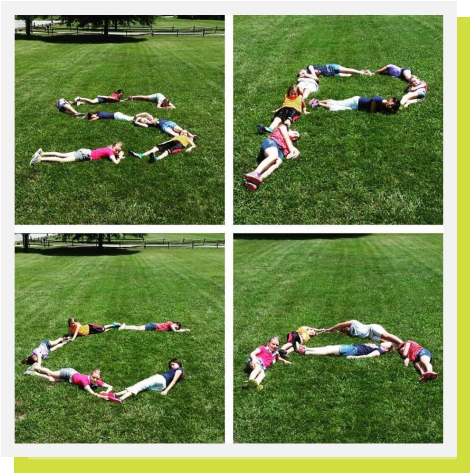
Break out your dancing shoes and join us as we celebrate a truly extraordinary milestone - our 100th Anniversary. 2016 marks the 100th Anniversary of the Roanoke Valley SPCA beginning its work on behalf of the animals. Be sure to save the date for this once-in-a-lifetime experience!

Centennial Ball

June 11, 2016



For more information about the Roanoke Valley SPCA please visit our website at www.rvspca.org



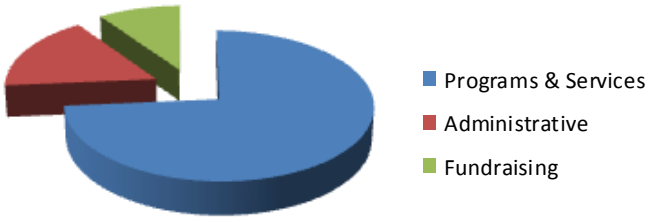
Financials

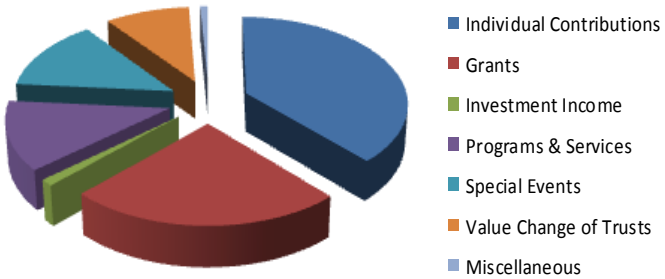
The Roanoke Valley SPCA is not affiliated with any national, state, or local humane organization. The funds required to care for thousands of homeless animals and deliver our community outreach programs are generated from five main sources.

Contributions
Fundraising Events
Grants
Bequests
Programs and Services

The cost of caring for the animals in our care is enormous. The total cost of veterinary care, food, and shelter is staggering when applied to the number of animals who come to us for safety during the year.

Excluding the administrative expenses, it costs $2,020 per day to provide a high quality of care and safe haven for the pets in our shelter.





A Legacy of Caring

Animals and people belong together. At the Roanoke Valley SPCA, we strive to improve the quality of life for animals and the people they touch. Through the support of individuals, corporations, and foundations in our community, we deliver programs and services that help keep pets and people together.

By joining the Legacy of Caring and including the Roanoke Valley SPCA in your estate plan, you are making a profound statement of support and also providing the resources necessary for the organization to fulfill its mission for generations to come.

Through a variety of planned giving instruments, you can support the Roanoke Valley SPCA in a more substantial capacity than had you ever thought possible. To design a gift that benefits the people and organizations you care about most, it is recommended that you obtain the professional counsel of an attorney or financial planner who specializes in estate planning. The Roanoke Valley SPCA will work with your advisors to help you plan for tomorrow and receive the maximum benefit today.

Planning for Your Pet

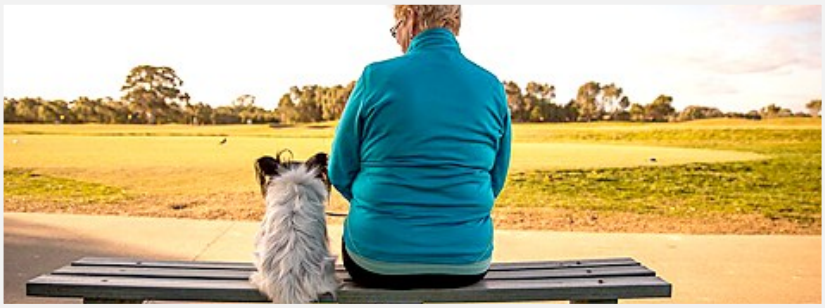
The Surviving Pet Care Society can ease your mind about what will happen to your pets after you are gone. The Virginia Pet Trust law enables pet owners to establish a pet trust to provide for the lifelong care and welfare of their companion animals. Pet trusts create peace of mind for pet owners and a safety net for your pets.

Legacy of Love

From Wills to Bequests and from Charitable Remainder Trusts to Life Insurance Policies or Retirement Funds, there are many ways to create a gift for the Roanoke Valley SPCA.

To leave a bequest, simply write: “I give to the Roanoke Valley SPCA, Tax ID #54-0679796, the sum of $_____ (or _____% of the rest, residue and remainder of my estate) for its general purposes.” If your gift includes insurance policies, land, stock or other property, please include a description.

To learn more or request a brochure, please contact Denise Hayes, CEO, at dhayes@rvspca.org or (540) 339-9500.



Thank You!

The Roanoke Valley SPCA relies on the generosity and support of donors to remain a strong and viable animal care, education and advocacy organization. Over 80 percent of our operating income is garnered through fund development efforts including individual donations, workplace giving, corporate sponsorship, matching gifts, grants and special events. The Roanoke Valley SPCA does not receive funding from any national animal advocacy organization or local, state, or federal governments. We rely solely on the supporters of our organization and the work we do in the community.

Our work would not be possible without the generous support of you, our donors. During the 2015 fiscal year, the following individuals made a difference in the lives of animals, and people, in our community. We cannot thank you enough.

While we have made every attempt to compile a comprehensive list of donations, we sincerely apologize if someone was inadvertently omitted. Please contact Tim White, Development Coordinator, with any concerns regarding donations.

by Shaffers Crossing Employees
Zero, cat of Jon & Barbara Everett,
by Wayne Gandee
Zoe by Betty White

Our Donors

The cost of caring for the animals at the shelter is staggering. Each animal that comes to our shelter receives a complete veterinary exam, is spayed or neutered, if necessary, is brought up to date on their vaccinations and microchipped. The support of our generous donors literally saves lives.

While we have made every attempt to compile a comprehensive list of donations greater than $1,000, we would also like to thank the 1,732 donors that contributed between $1 and $999 to our organization. We apologize if someone was inadvertently omitted. Please contact Tim White, Development Coordinator, with any concerns regarding donations.
